God is Good, or God is So Good!Whether playing tabs or chords, this sweet melody is very easy!Yes, the F chord is hard, but let your beginners use a "baby F" chord: just 1, 2, or 3 strings. Home On the Range free guitar tabs & chords!This is the easy arrangement, which can use "baby chords". On this page is also a much fancier arrangement, which uses chords G, G7, C, Cm, D, D7, A7, B, and Em. Jingle Bells guitar tabs!Everyone should learn to play this little Christmas song, and thankfully for beginners, it is simple!This arrangement uses just two chords, but a second arrangement found on this page uses four chords! Old Joe ClarkGoofy words and a singable tune make this song fun to sing and play! Sharks easy guitar tabs!If you tell your students that this is ALMOST the same as the theme song of the movie "Jaws", they will work at it! Shortnin' BreadLots of repetition make this cute song easy, both tabs & the 2 chords Amazing GraceThe melody of this beautiful hymn is very easy to pick in the key of G... I Love the Mountains guitar chords & tabs!This is the song I use to teach beginners to switch from the G chord to Em, C, and D7!It is invaluable for giving them a tactile feel for changing chords with no extraneous motion.The goal? (Unfortunately, there is no real discussion of note values. Spanish Study A beautiful first classical piece for young guitarists.A 3-page version, a 1-page version, and a worksheet with empty tab below the notes.Update: All 3 pages with treble staff AND guitar tabs! Viva la Musica!This rather simple little melody is a ROUND, and therein lies its challenge for your guitar student!Playing with another student, or even with you, the teacher, takes focus and good listening.This is a pretty little song, the meaning of which is "Long live music!". The book comes with a CD, handy for beginning singers. Spanish Lady! really fun and bouncy song!High energy, and a pretty tune. I guess that's where you, the teacher, come in! Very simple tunes (such as Railroad Bill, Will the Circle Be Unbroken, Wabash Cannonball, Wildwood Flower and Shady Grove) complete with treble clef, guitar tabs, chord symbols, and where necessary, picking indications. In the following lesson is the beautiful Malaguena. Mel Bay's Easiest Country Guitar for Children is one of the cleverest guitar books I have seen! It is nicely laid out - it starts with six simple, uncluttered pages each presenting a single topic: How to Hold the Guitar, Parts of the Guitar, How to Tune the Guitar, Music Basics, How to Read Guitar Tablature, and one very good page about Picking Technique. Spanish Ladies A sea chantey, or shanty.This song has been a favorite with young boys!The melody is rousing and singable, with great minor chords in the harmony.Very good chord-changing practice.Several versions. I am so pleased with it, and am having fun moving through the 254-page book ahead of my students (although really applying oneself to classical style means longer right-hand fingernails - hard for a piano player!). Another book I like very much as a supplement is Usborne's Very Easy Guitar Tunes. It has NO TABLATURE, so the student is forced to read the treble staff. Sleep Song Sleepsong is an unusually beautiful piece with a lovely chord backup.It is copyrighted and therefore I do not have the lullaby sheet music here, but I offer tips on how to find the music online, and link to a legal choral version. Listen to a video that will amaze you with its beauty. You can find out more about me and the reason for this website at my About Me page. Camptown RacesYou'll find a solo version and a duet version here on this page. There are so many things going on! Learning how to play guitar seems almost intuitive for beginner guitar players who have taken piano lessons.But to a child encountering music training for the first time with a guitar in hand, using left and right hands independently, strumming rhythmically, learning what a chord is, reading notes and understanding their relationship to the guitar strings is a process shrouded in mystery.LET ME HELP.Check out this page for EASY guitar songs and exercise sheets to demystify this process somewhat for your students... That's pretty much any music written in the last 75 years... Ave Maria sheet musicLead sheets with chords in multiple keys, as well as the full piano accompaniment in several keys. This is a very fun song with silly words about the cat that no one can seem to get rid of!The chord pattern repeats over and over again; it makes for excellent walking bass practice.The vocal range of this song can be limited to just five notes if necessary... Wabash CannonballAn energetic song about a famous train that crosses the mountains, the jungles, the plains, This is true of most instruments, in fact. Be Thou My VisionA beautiful hymn, very old, in praise of God.Lead sheets and piano arrangements. For fiddle or guitar.The Beauty of the Earth Thanksgiving songAnother song was featured in the film "Little Women" years ago, as a kind of non-denominational, inoffensive kind of hymn. Fittingly, I suppose, as Bronson Alcott, Louisa May Alcott's father, was a Transcendentalist. You must encourage them along, and if they make good progress, talk their parents into trading in the clunker guitar.) For older and adult guitar beginners, these issues even themselves out in not too long. But my real favorite both for learning to read the treble clef and beginning chords is Alfred "Kids Guitar Course" Books 1, Book One is the simplest book I have found for young kids, because it starts with the "baby" C chord -- just the one-finger on fret 1 string 2 chord, and stays with it for a few pages before venturing on to the baby G7 chord. There are also no "lessons" with new things to learn -- just nice guitar tunes getting progressively more difficult. They may not sound good even when they get their skill down, if their folks didn't find them the best beginner guitar -- I have used your guitar tabs for Shenandoah and Amazing Grace, and find it exciting to hear real music coming out of my guitar for the first time. Come by the Hills!A pretty Gaelic song with English lyrics, you may recognize this tune..Simple chords that are lovely strummed or picked, and lyrics that almost sing themselves! Allegro classical guitar sheet musicFrom Le Papillon (The Butterfly).This piece looks more complicated than it really is, since the notes come from chord shapes Am, Dm, E, and E7.Lovely. I got it for about six dollars less at Amazon than at Sheetmusicplus, but the shipping at Sheetmusicplus can't be beat, if you have multiple books to order. Happy Birthday!Now with guitar tabs in both the key of G and the key of D!Also on this page are lead sheets in multiple keys, and several versions for solo piano. A couple of really great "Teach yourself guitar" books that have impressed me with their well-thought out instruction and content are The Everything Rock & Blues Guitar Book: From Chords to Scales and Licks to Tricks, All You Need to Play Like the Greats (Everything Series) and Usborne's Learn to Play Guitar (Usborne Music Guides) If you haven't been playing a long time yourself, or have limited yourself to just one style of playing, you MAY enjoy these books. All my students can see the notes just fine -- but to my over-60 eyes, it is irritating sometimes to have to peer more closely.Still, the book is well worth it. The music selections are wonderful.Descending ligado is introduced on page 72, but the author doesn't let you in on this little secret until page 89!Another factor that diminishes my pleasure in the book is the fact the notes are tiny. TEENY-TINY. Waltzing MatildaA beautiful song from Australia.A great favorite. You've done a wonderful job of providing great tunes with ACCURATE sheet music/TAB! Your web site is wonderful! Gabrielle: Address HeavenThis song was written to comfort mourners - including myself - for a thirteen-year-old girl, who sickened and died inside the space of one week. Goober Peaks!Kids may fight this unfamiliar song for a week or two until they've heard it enough -- and then they love it!Initially, it is definitely a challenge, in spite of the easy chords, because they change so quickly.But that's just the kind of practice beginners need. 1. Do you have a question? Instead, the beginner guitarist must memorize the fact that there is no real separate note called E#, no real F#. And a note on one string can easily be duplicated on another string. You can play 4th-fret B on the G string, then move next door to the B string and play the same note onm. Hmm, you'll have to cut your fingernails. And they need lots of repetition. Ode to Joy guitar music for beginnersOh no! Where's the tablature! I left it out of this familiar song, so that students have the opportunity to practice their notereading, using the guide at the bottom of the music sheet. Versions for voice (the vocal round), and for piano.Read More I Gave My Love a Cherry (The Riddle Song) is a very pretty folk tune with clever lyrics, that was not happening for my young student, so I took an extra step for her. at least not yet! Star of the County Down guitar tabs and chordsHANDS DOWN the favorite guitar song at my studio for young guitar players, with great qualities of endurance!
