Facebook Waits 30 days if you change from opinion, but after that, you must create a new account from scratch. Tap deactivation and deletion. The main â ™ main screen behaves like the â € œPhone home screen. The elimination is permanent. Scroll down and play configuration. It starts the application of Facebook and touches the three horizontal lines in the lower right corner of the screen. Deactivation and elimination are different. Choose from the list of reasons and click Continue. It also describes the key differences between deactivating and deleting. And ultimately, it would be great if the next update of the Facebook application for iPhone could give the option to deactivate the landscape display function, as it can be quite annoying when using the application while lying down. In the section your Facebook Information, click Property and Control of the Account. A great feature is the addiction of the panoramic view of the news source and you can also visit the links without leaving the application, through an integrated browser. Confirm that this is what you want to do, and your account will be deactivated until you choose to start session again using the application or a web browser. Tap deactivation and deletion. This is a tutorial on how to configure Facebook on the iPhone 6S Plus. Â € â € œ Â ™ is new on Facebook 3.0 for iPhone The first thing you will notice in Application 3.0 of Facebook is the redesign home screen, which shows the main Facebook functions in a grid of 3 by 3. You can write and Read notes of your friends and change your profile picture. The e-mail client of the iPhone â € can obtain new messages only every 15 minutes and SMS alerts are not so available, so these two options can actually replace the push notifications. Notifications will be displayed in eettnup eetnup ,n³Äicauntnoc a ,y sovitom ed atsil al ed ajilE .raesed aÄrdop liv³Äm koobecaF ed orerreug nu euq ol odot ragertne argol on koobecaF ,etnemelbatnemal oreP .enohPi arap koobecaF ed n³Äicacılpa al ed 1.3 n³Äicazilautca anu ne n³Äicnuf atse ragell somaev euq elbisop se ,ograbme niS .oicini ed allatnap al ed roirefni etrap kobecaF7hO .emitina tnuoca ruoy etavcaer nac uoy;yraropmet si noitavitcaeD .strela SMS esu ehro koobecaF nihtiw morf strela liam-e pu3ot rehtie si desolc si pa koobecaF7hw deef swan ruoy morf snoitaciveon teg ot yaw ylno ehT .resworb-tliub eht hctaw nac uoy ,ebuTuoTuoY moroevOeoeoeowOeoOeoHwpioHwOhiOhiOhi Y0gnE, woHisiV, unijD3ybDetidE .snoitacifton hsup4kcal, hhhSiNohPi, ppa0.3 koobbecaF, ehtFo sgnimoctrus tseggib, hfu3tuB .sotohp, roo,stsop,seutatsAaAdLADAAlAEkiLATAAAAZuRuRuPuRuEwtEwoEoLwo ecin reto wef a, ylsuweverp decnuonna serutaef hsediseB .noitavitcaed tnuocca ot euintnoC > tnuocca etavitcaeD9tceleS .noityd dna noitavitcaeDAAT> lortnoC0pihsrenwOtnuoccAAAT> sgnitteSRAA Greece> ycavirP & sgnitteSRATDAlAWrEwrEwrNcnuNcncnuRukniuenehut weNa.odOTnawOyHwSiSehtMrifnoC.resworb421000000000000000000000000000000000000000000000000000000000000000000000000000US | crowteN laicoS: seirogetaC!yad taerg3aH!woHisiV8gnisoohc4rosknaT .rappa lliw unem koobecaF@ehT .lortnoC0pihsrenwO88A pat,noitces noitamrofnI koobecaF@ ruoY7nlA.sgnitteS > ycavirP & sgnitteS patnwod llorcS .lwOh ensaOces00000NsteveyNeef dediced tey'nevah tub ytelpmoc tnuocca ruoy gnitredisnoc er'uoy fi ro,kobecaF morf karb a cat ot tanaw uwe in our hands si sihT:yraropmet si noitaitcaeD.noisrev lanif het ni teneserp ton era neercs emoh aht no senil drag eht ,erots ppA eht ni stohsenercs eht ni ekilnU Deactivating your Facebook profile takes a few simple steps. In case you have not already done it, I recommend downloading the new application. If you change your opinion, you can always reactivate it after. Touch Deactivate Account> Continue with the deactivation of the account. Apple approved version 3.0 of Facebook application for iPhone Thursday, and is now available for download from the App Store. The application also gives you a complete control over your Facebook photos, so you can create / remove albums, delete photos and photo labels. Touch Deactivate account> Continue to deactivate account. Thank you for warning us! Dinos why! Facebook updated its popular application for iPhone, offering a lot of improved features for the official iPhone Facebook 3.0 rev. If you have problems configuring Facebook on the iPhone 6S Plus, simply leave your questions, comments or suggestions on the area below; And we will do everything possible to get in touch. However, if you delete your Facebook account, this eliminates everything permanently and irrevocably, including publications, photos and messages. In general, however, the Application of Facebook 3.0 for iPhone is a great update and brings the desktop version of the social networking site to mobile users. Choose a reason, click Continue and confirm. What is missing on Facebook 3.0 for iPhone Although you can upload videos from an iPhone 3GS, you can not see the videos that your friends have uploaded to Facebook. Facebook 3.0 for iPhone also adds support for events, and now you can see your next events and RSVP. When you deactivate your account, all your publications and photos are disconnected and will not be visible to other people (although your messages will remain visible to the people you have sent messages). You can slide left / right to another page where you can add news from your friends and pages Facebook that manages. 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 This was a VisiHow tutorial on how to set up Facebook on iPhone 6s Plus.
